Hosting organization: Association Euni Partners

Number of volunteers: 2

Association Euni Partners is a non-governmental organization, with main fields of activity – education and training, networking and sustainable development. We provide trainings for people from all ages, starting from children in kindergarten level, to school and university students and adults. We work to encourage and expand the cooperation among the academia, business, institutions and educational organizations in order to foster the development of policies and practices, based on the expertise and needs of all involved. Association Euni Partners has over 80 members from different professional backgrounds, including academia; education and training; media and new technologies; business; NGOs, etc.

Euni Partners extensively works with young people from and outside educational institutions, as well as with people from geographically distant/ rural areas and people with learning difficulties and disabilities, who are usually facing major difficulties in taking part in qualification courses and trainings, career orientation workshops and other initiatives that will make them more competitive on the labour market. The Association is aiming to improve the quality of education and training in accordance with the needs of the labour market. Therefore, we offer career-orientation support and professional training to school and university students. We organize training courses in the fields of entrepreneurship and employability; critical thinking and media literacy; tourism; international project management; food and beverage; ICT, graphic and web design, accounting etc.

As a meeting point of all stakeholders in the sector, Euni Partners works as an intermediary organization, providing for the linking and good communication among the different actors, and thus provides assistance and consulting to educational institutions and enterprises to better match and meet the ever-changing standards and demand.

Aim of the project:

The project objectives are directed towards engaging the volunteers in activities by which their sense of active citizenship can be fostered, to develop their social competences and cultural awareness.

It will equip them with key personal, professional and entrepreneurial competencies and skills such as teamwork, leadership, intercultural competences, project management, problem solving and critical thinking. The aim of the project is to empower young people to become independent individuals, ready to enter the labour market on one side. On the other, they will strive to influence the local community through conducting trainings on social entrepreneurship, this way, providing opportunities for social inclusion and equal opportunities for all.

Participants' profile:

Participants should be aged between 18-30 years, willing to take a challenge and get out from their comfort zone. We are looking mainly for young people with fewer of opportunities, particularly with geographical or economic obstacles or cultural differences, who are interested in NGO field, education, culture and social initiatives, who are open-minded, tolerant and respectful of others, with strong desire to learn new things. Willing to approach with understanding different points of view, willing to increase their confidence, improve self-expression, open to receive new knowledge about other countries and be able to share information about his/her country. They should have good level of English language, be motivated, communicative, creative and resourceful people, ready to work in team and help to each other.

Volunteers' tasks:

- **Developing of personal projects** - Each volunteer will develop, with the support of our team, a personal project, which is not pre-defined, but depends on the personal interests of the volunteers.

- **Participation in the organization of Chat club** - Volunteers will be also involved in youth club - Chat Club, initiative of our former volunteers. They will prepare 4 events, where they will present their country, traditions, habits, food and culture. Depending on volunteers' interest, besides Intercultural nights, they will be supported to organise events also on other topics of interest.
- **Preparing English lessons and Handbook** - During school months, volunteers will lead interactive English-speaking lessons and Civic education workshops. Through non-formal education, taking part in conversations, encouraging students to use English in daily situations, like shopping, going to a restaurant, hospital, buying a bus ticket, exercising their rights and learning their duties, involvement, problem-solving, etc. To make those lessons more interactive, they will be involved in different games, in which they can learn in a fun and interesting way. In addition, all materials (e.g. examples of the lessons, activities and games) will be collected and summarized by volunteers in a Handbook, which will be online and available for public.
- **Joining European Youth Week Campaign** - It is planned to join European Youth Week Campaign for promoting Erasmus+ opportunities and European Solidarity Corps.
- **Participation in the organization of "Summer Challenge"** - Volunteers will be involved in organising of "Summer Challenge" - training on critical thinking and media/ information literacy.
